

The WB Network knows the way to viewers' hearts is through teen sex. But what can be hotter than teen sex? Sex with a monster, of course! Since Godzilla turned out to be bisexual (he had sex by himself! How else do you explain those babies), viewers had to settle for vampires and thus...

the vampy slayer

Blander, it sure is nice to take a break from vampire slaying. With all the activity lately, I have almost no time for real teenage stuff like dodging shotgun blasts from my classmates.

That's about the only way students don't die in Rainydale. We have a 10% graduation rate and a 90% mortality rate. We thought "Scream" was a documentary!

Blander's dancing with Boffy again. I don't get why he doesn't like me the way he likes Boffy. I mean, what's sexier than a girl who knows how to configure a modem?

Swallow, how do you think I feel... I'm his girlfriend! If I knew being a slayer would make a girl so hot, I'd be making stakes in shop instead of steaks in home ec.

Boredelia, how do you think I feel... I'm Swallow's boyfriend, Oyl! If I had known being a loser would make a guy attractive, I would have... well, I guess I wouldn't do anything different.

Blander's right to be obsessed with Boffy. Boffy slept with me and I lost my soul! You don't forget sex like that! Now that I'm evil, Boffy won't even return my calls, so I gotta find other dance partners. Partners who don't mind dancing fang to neck instead of cheek to cheek!

Later that evening.

Oh, Boffy, very soon you will pay for loving me. Only I can put fear into your Slayer heart. I'm sure, even now, I haunt your nightmares. Soon your nightmares will become real. Now to get to the reason for my visit... a peek under the covers!

Rainydale High Library, Next Morning.

Piles, Anglo was in my room last night. He left this horrible drawing.

What vile threat did he sketch?

I can't tell. I told you, it was really horrible. You'd think in 200 years, Anglo would have found time to go to art school. I mean, that doesn't look like me at all.

WRITER: TODD JACKSON • ARTIST: RURIK TYLER

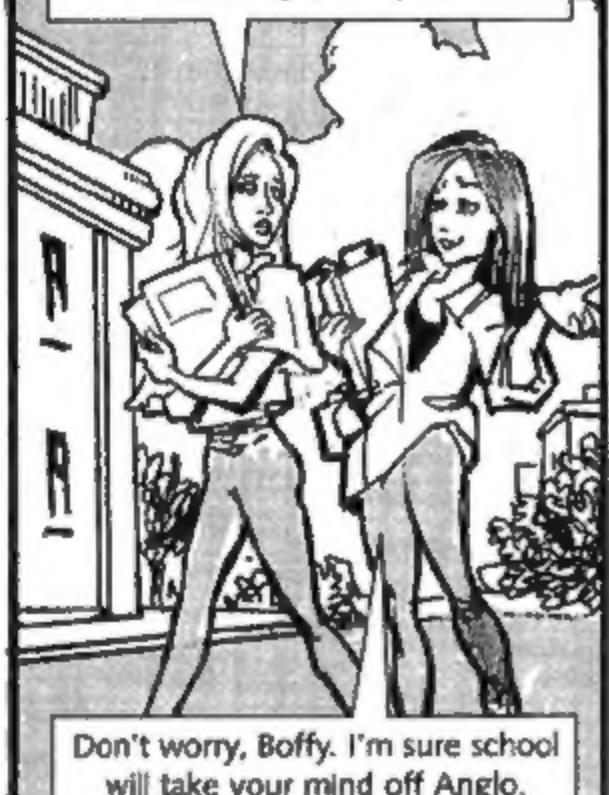

Ever since your... encounter with Anglo, he has become extremely dangerous. We must revoke his invitation to your house.

"Encounter." Piles, you make sex sound like it's something you do with aliens.

That's probably because sex is "alien" to him.

That's not true. I have had several encounters. In fact, tonight, my date will be picking me up in her spaceship for a good probing... oh, I said too much. I think you three should get to class.

How am I supposed to handle high school when I'm being stalked by a vampire?

Don't worry, Boffy. I'm sure school will take your mind off Anglo.

English

Today we'll be discussing Bram Stoker's Dracula.

Geography

This region of Romania, particularly the city of Transylvania, is home to many bloody legends.

Biology

The vampire bat primarily feeds on horses and other animals, but has been known to bite humans, particularly pretty teenage girls.

Good news! I have cast a spell that will prevent Anglo from entering your home. It places a plague of rats, snakes and maggots upon your house.

Piles. I don't even want to enter my house now!

Boffy, I told you that you could not have a pet. So what do you do? You bring home thousands of them. Well they all go back to the store this instant!

I'll find another spell.

Boffy, you look good enough to eat.

Forget it, Anglo, you're not biting my neck.

Neck? I was looking at your spaghetti strap top! Do you serve that with a clam sauce?

And thus, by Agorath's eye and Talgota's sphincter, we repel from this home the vampire Anglo...

And my science teacher, Mr. Hubble.

I don't think he's a vampire.

I know, but it's worth a shot!

Anglo, you're not eating anything! I revoked my invitation. You can't enter my house anymore.

Good! If I had to look at your Beanie Baby collection one more time, I'd put a stake through my own heart!

Next day.

Boffy, they found this ancient statue buried just outside town. I believe it opens a gateway to hell.

Why couldn't it be a gateway to a new mall?

The vampires have come for the artifact. But Boffy is fighting them off.

Yes, I'm becoming quite proud of my protégé. Her prowess rivals Van Helsing's.

Piles, don't compare her to that band. They've sucked ever since they kicked out David Lee Roth.

Hell is a mall. Except everything they sell makes you look fat.

I need a stake. Quick, Blander, hand me something wooden.

I can't. We've already broke up and used the chairs, table and bookshelves. We've even used up the track and field hurdles. Wait! I found some toothpicks!

Ugh, I feel like a hors d'oeuvre.

Oh, Boffy, that was the last toothpick. Now what are we gonna do?

Don't worry, I got a plan!

I'll just use the stick up Piles's butt!

Look the vampires are running away.

Can you blame them? Yech!

But they got the artifact! Boffy, stop them.

I can't! I messed up my hair! I'm not going out like this!

So what do we do about the artifact now?

This evening I'll track down the vamps and go Jackie Chan on them.

Aaaal Boffy, our croaker hasn't croaked!

It's turned into a vampire. They all have.

Boffy, why do you wait 'til it's nighttime to go after vampires? Why not skip school for a day, find their coffins, and kill them in their sleep?

Yeah, and I'd balloon up like 250 pounds! Do you realize killing one vampire sweats off 1500 calories? The cardiovascular benefits are significantly reduced if you attack vampires while they are sleeping.

They're the Spudweiser frogs! I'll just kill them with this holy beer!

Beer? But where did you get it from? We're at school.

Out of this locker. There's a six pack in here along with a gun, some marijuana, pornography, and a pipe bomb.

No books?

Nope, it's just your typical high school locker.

Anglo, the frogs failed to stop Boffy.

It doesn't matter! Soon, with this artifact, I will open the Hellmouth.

How will this artifact help you open the Hellmouth?

Watch! Lorem ipsum dolorum! Parodia lumen pictus! Clangor! Clangor! Hmmm... I must be using the wrong incantation. Let me try something different.

Here comes the plane into the hangar. Damn! This is the fussiest Hellmouth I've ever seen.

OK, Boffy, it's just you and me.

I hope you're prepared to die.

But I'm already dead. How can the undead prepare to die. I've already been there, done that!

You really need to work on your pre-fight banter, Boffy.

Boffy, where did you learn to fence?
It took me 15 years to master it.

You're finished Anglo.

Maybe, but I've opened
the Hellmouth.

How?

Fence? I'm just doing
a twirling routine!
Push 'em back, push
'em back... way back!

There's only one thing the
Hellmouth likes to eat more than
magical artifacts.... teen angst! And
this show has got it in spades!

So, Boffy, this is hell.
It doesn't seem all
that different.

Yeah, Boffy. The sun is shining.
The birds are singing. What's
so bad about hell?

Everyday is pop-quiz day!

F
